***Reasons for Allowance***

The declaration under 37 CFR 1.132 filed October 18, 2004 is sufficient to overcome the rejection of claims 1, 3, 6-9, 14 and 16 based upon 35 USC 102(b).

The following is an examiner's statement of reasons for allowance: the sole remaining rejection in the application is a rejection under 102(b) of claims 1, 3, 6-9, 14 and 16 as being anticipated by Larsen et al. Applicant has provided a declaration under 35 USC 132 that argues the reference of Larsen et al. does not meet the limitations of the claimed method because the analog used, toyocamycin, does not act by misincorporation of nucleotides. Applicant's arguments as to why the reference of Larsen et al. does not anticipate the claims are persuasive and the rejection is withdrawn.

The objection to claims 2, 4, 5, 10, 12, 13, 15, 17 and 66 is withdrawn. All pending claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tracy Vivlemore whose telephone number is 571-272-2914. The examiner can normally be reached on Mon-Fri 8:45-5:15.

Patent applicants with problems or questions regarding electronic images that can be viewed in the Patent Application Information Retrieval system (PAIR) can now contact the USPTO's Patent Electronic Business Center (Patent EBC) for assistance. Representatives are available to answer your questions daily from 6 am to midnight (EST). The toll free number is (866) 217-9197. When calling please have your application serial or patent number, the type of document you are having an image problem with, the number of pages and the specific nature of the problem. The Patent Electronic Business Center will notify applicants of the resolution of the problem within 5-7 business days. Applicants can also check PAIR to confirm that the problem has been corrected. The USPTO's Patent Electronic Business Center is a complete service center supporting all patent business on the Internet. The USPTO's PAIR system provides Internet-based access to patent application status and history information. It also enables applicants to view the scanned images of their own application file folder(s) as well as general patent information available to the public. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.

For all other customer support, please call the USPTO Call Center (UCC) at 800-786-9199.
